

Calvine Holiday Park

A little piece of heaven in the Perthshire countryside

GRAB yourself a stance in a little piece of heaven deep in the heart of the Perthshire countryside.

Calvine Caravan Park, near Struan, Blair Atholl, has been closed for over a year, and will now re-open as Calvine Holiday Park in early Spring this year.

Completely re-modelled as a small sedate holiday park which has stances for 27 holiday homes, fully supplied with water, drainage and piped gas supply, the park will be suitably landscaped to match the wonderful surrounding countryside.

Situated in the unspoilt Heart of Scotland. The Blair Atholl area is famed for its wonderful scenery, its superb hospitality, clear sparkling air, fine food and helpful locals who make your stay easy and fun.

Glorious scenery and amenities

The villages of Calvine, Blair Atholl, Bruar, Killiecrankie and Struan all offer the finest hospitality. They all nestle into the surrounding rivers, mountains, hills and glens which create some of the most spectacular unspoilt scenery in Scotland.

The area also boasts cycle paths, way-marked trails, guided tours and walks where you can catch a glimpse of the abounding wildlife which inhabit this area.

The park is only a stone's throw or a short walk from the famous House of Bruar Complex, which boasts a cafe, restaurant and many shopping areas, so you can shop until you drop. Ample parking areas are available at the complex.

Scottish History

The area is full of history; you can discover a major part of this with a visit to Blair Castle or visit the scene of the Battle of Killiecrankie and the Jacobite rebellions of the 18th Century.

There are a host of local attractions and museums to visit.

Holiday Homes from proven manufacturers Atlas and Willerby are available for purchase.

Park open for 11 months (holidays only ~ not residential).
